

**Follow up questions for Pay Phone RFP
August 15, 2008**

1. You state the total for Long Distance was \$297,880.75 - is this for interLATA and Dial A Round?

YES

2. Also - for the DBE revenue is this all revenue streams? Local, intraLATA, NonCent Paid, InterLATA and Dial Around

YES

3. Can we get a breakdown by call type which is what we asked for in the initial set of questions? What is shown on the website is only Sent Paid and Non Sent Paid.

This is the only breakdown available.

4. To clarify one of the questions answered - you stated the airport owns the enclosures and will remain for the successful bidder - therefore, AT&T is selling only the payphones, correct?

YES

5. Also - we would put in our own up to date equipment - therefore not needing AT&T's old classic sets and would not purchase. To confirm- the amount AT&T is asking is only for the payphones, correct?

Telephones and switch gear.

6. Is the airport being compensated for Dial A Round Compensation?

NO
