A. Luggage Cart Operations in FIS

In response to several questions asked by prospective respondents, the City has completed additional research to estimate the usage of luggage carts in FIS. In calendar year 2006, approximately 1,800,000 arriving passengers in FIS at both O'Hare and Midway used free luggage carts.

As stated in the RFP and previous addenda, the City intends to continue offering free luggage cart services in the FIS areas of both Airports. The City will pay to the Selected Respondent \$0.35 per use in the FIS. These payments are not considered part of the Selected Respondent's Gross Receipts.
